Measurements

Collection: With its light and transparent design, AIIR by GamFratesi reinterprets the classic shell chair for contemporary living. DEDON's first collection to incorporate injection-molded seating, AIIR is equally suited for use outdoors or in — and so lightweight it's a breeze to move between the two.

Characteristics: Light, transparent, refined, contemporary, ergonomic, comfortable

Armchair: This indoor/outdoor armchair comes with metal sled base and optional seat and back cushions.

Material: The seat consists of injection-molded polypropylene. The legs are made of powder coated stainless steel.

Maintenance: Clean the powder coating with a soft cloth and warm water. Clean teak with DEDON teak cleaner. To retain the golden-brown color of unweathered teak, we recommend applying DEDON teak oil at least once every six months.

Cushion maintenance: Every cushion is removable and all cushion covers are washable at 30 °C.

Options: Available with seat cushion and optional back cushion.
