### Measurements

**Collection:** MBRACE by Sebastian Herkner takes a joyfully unconventional approach to poolside furniture, bringing DEDON fiber seating and a solid teak base together for the very first time. The result is an eye-catching, instantly likable collection for lounging, dining and more. MBRACE captures the spirit of barefoot luxury while extending the DEDON design language into new, more Nordic territory.

**Characteristics:** Friendly, engaging, embracing, innovative, exceptionally comfortable

**Footstool:** This iconic footstool, which features a triaxial mesh weave and aluminum legs, is very low-maintenance.

**Frame:** The MBRACE ALU seats are made of DEDON Fiber woven over an aluminum frame and feature powder coated aluminum bases.

**Finishing:** The seat frame is electrostatic powder-coated in a color similar to that of the fiber.

**Frame maintenance:** Clean with a soft cloth and warm water.

**Cushion maintenance:** While the covers cannot be removed, the complete cushions may be washed by hand at 30 °C / 86 °F.
