## Measurements

**Collection:** Characterized by ribbed, asymmetrical, seemingly collapsing forms, the BABYLON design can give the impression of being hand-crafted one-offs. In fact, they're the product of complex algorithms and advanced roto-molding technique. Now available in polyethylene as a stool/side table incl. and excl. LED modules.

**Stool / side table PE incl. light:** Characterized by the innovative asymmetric design language of the BABYLON collection, this sturdy stool/side table is made of roto-molded polyethylene.

**Frame:** BABYLON PE consists of roto-molded polyethylene.

**Frame maintenance:** Clean with a soft cloth and warm water.
