Measurements

Collection: DALA takes inspiration from the artisanship and improvised seating arrangements of the developing world. Surface and structure merge in this versatile collection by Stephen Burks, each piece starting as a powder-coated frame of aluminum mesh through which DEDON's master weavers thread colorful strands of our revolutionary new ecological fiber.

Loveseat: This spacious daybed has wheels underneath for smooth rotation, pull-out casters for easy mobility and a swiveling table featuring a premium teak tabletop.

Frame: Aluminum

Finishing: Frame is electrostatic powder-coated. Fiber is High-Density Polyethylene (HDPE). The swiveling table of the DALA loveseat consists of a powder-coated aluminum post and a tabletop of premium teak.

Characteristics: Colorful, distinctive, innovative, versatile, practical, ecological

Frame Maintenance: Clean with soft cloth and warm water. Avoid contact with chlorinated pool water. Areas splashed with chlorinated water should be cleaned with ordinary water. Wash tabletop with warm water in which natural soap flakes have been dissolved or with DEDON's teak cleaner.

Cushion Maintenance: All cushion covers can be removed and washed.
