Collection: MBRACE by Sebastian Herkner takes a joyfully unconventional approach to poolside furniture, bringing DEDON fiber seating and a solid teak base together for the very first time. The result is an eye-catching, instantly likable collection for lounging, dining and more. MBRACE captures the spirit of barefoot luxury while extending the DEDON design language into new, more Nordic territory.

Characteristics: Friendly, engaging, embracing, innovative, exceptionally comfortable

Daybed: This luxurious daybed has a distinctive organic form that echoes the design of the MBRACE loungers. Featuring cosy cushions and an open triaxial weave, it offers the possibility of sitting and lying in different positions.

Frame: The frame consists of aluminum. The base consists of premium teak.

Finishing: The frame is electrostatic powder-coated in a color similar to that of the fiber. The base consists of natural-finish teak.

Frame maintenance: Clean with a soft cloth and warm water. Wash the teak base using DEDON teak cleaner. To retain the golden-brown color of unweathered teak, we recommend applying DEDON teak oil at least once in every six months.

Cushion maintenance: While the covers cannot be removed, the complete cushions may be washed by hand at 30 °C / 86 °F.
