Measurements

Collection: The ORBIT love seat is the original icon of modern outdoor furniture design. A sensation from the moment it launched, this multiple-awards-winner by Richard Frinier continues to delight, surprise and inspire more than a decade later. Indeed, its timeless design, generous proportions, easy mobility and meticulous hand-craftsmanship will never go out of style.

Characteristics: Iconic, innovative, rotating, generously proportioned, supremely comfortable

Loveseat: ORBIT's weather-resistant canopy features aluminum tubing and a highly corrosion-resistant opening mechanism. Wheels underneath allow ORBIT to rotate in place.

Frame: Aluminum

Finishing: Electrostatic powder-coated in a color similar that of the fiber. The canopy material is 100% polyacrylic, with Teflon impregnation; it is dirt-, grease-, and water-repellant, with excellent sun protection (UPF 50+).

Frame maintenance: Clean with a soft cloth and warm water. The canopy may be washed with lukewarm water and mild cleaning agents. Please use a sponge or soft brush to wipe the material.

Cushion maintenance: All cushion covers can be removed and washed.

Options: Rotating wheels can be replaced by static gliders.
