Measurements

Collection: A versatile collection of dining, lounging and poolside elements, RILLY by GamFratesi takes a fresh approach to DEDON's outdoor heritage. In place of traditional weaving technique, it features parallel vertical strands of maritime rope or new DEDON Fiber 'Touch'. The result is a "transparent" collection of friendly forms with distinctive faceting and a contemporary, graphic quality.

Characteristics: Contemporary. Graphic. Inviting. Intimate. Expansive.

Footstool: Featuring thick cushions atop a sturdy base, the footstool is an ideal companion for all lounge chairs within the collection. It is available in a wide selection of colors and DEDON fabrics.

Frame: The frame consists of aluminum.

Finishing: The frame is electrostatic powder-coated in black pepper.

Frame maintenance: Clean with a soft cloth and warm water.

Cushion maintenance: Every cushion is removable and all cushion covers are washable at 30°C.

Options: Choose between DEDON Fiber and weatherproof rope. Optional Dry+ cushion construction is available for RILLY. Cocoon chair and footstool are available in two additional DEDON Fiber colors: rosewood touch and saffron touch. Optional Dry+ cushion construction is available for RILLY.
