Collection: A flexible system of rectangular modules, BRIXX offers exceptional comfort, 360° functionality and accessibility from all sides. Combining Italian craftsmanship with fashion expertise, BRIXX is fully upholstered in a luxurious, 50% recycled fabric that's water-repellent for indoor/outdoor use. Simple yet sophisticated, the collection features a refined material mix, playful accessories and appealing graphic contrasts.

Backrest triangular: This triangular backrest features a removable fabric cover and anti-slip pads. A foam-encased metal core gives it added weight to keeping it from moving.

Frame: This backrest consists of a metal core encased in foam, with a removable fabric cover.

Characteristics: Versatile, sophisticated, distinctive, luxurious, modular

Maintenance: To clean the fabric covers, remove them and wash them by hand. If not used under roof or awning, we recommend to cover the modules with DEDON outdoor covers at night and during rainfall.
