**Collection:** MBRACE by Sebastian Herkner takes a joyfully unconventional approach to poolside furniture, bringing DEDON fiber seating and a solid teak base together for the very first time. The result is an eye-catching, instantly likable collection for lounging, dining and more. MBRACE captures the spirit of barefoot luxury while extending the DEDON design language into new, more Nordic territory.

**Daybed:** This luxurious daybed has a distinctive organic form that echoes the design of the MBRACE loungers. Featuring cosy cushions and an open triaxial weave, it offers the possibility of sitting and lying in different positions.

**Frame:** The frame consists of aluminum. The base consists of premium teak.

**Finishing:** The frame is electrostatic powder-coated in a color similar to that of the fiber. The base consists of natural-finish teak.

**Characteristics:** Friendly, engaging, embracing, innovative, exceptionally comfortable

**Frame maintenance:** Frame Maintenance: Clean with a soft cloth and warm water. Wash the bases with warm water in which natural soap flakes have been dissolved.
