

REAV

Rectangular L cantilever

Item code: 1060xxxx | 302 x 400 cm / 119" x 158"

Measurements

Collection: The REAV sunshade combines minimalist design with smooth engineering and robust functionality. Light and understated in appearance, it's the perfect accompaniment to every DEDON collection, creating shade without creating distraction. Adaptable to any outdoor setting, REAV comes in parasol and cantilevered versions, with five shapes and sizes of canopy.

Characteristics: Versatile, sophisticated, distinctive, luxurious, modular

Rectangular L cantilever: The largest cantilevered parasol, Square L cantilever comes with a cantilevered 302 x 400 cm / 119" x 158" rectangular umbrella that is rotatable and flippable and does not touch the table when being folded. It features marine-grade fasteners and an ingenious pulley system for easy opening and closing.

Frame: REAV is made of highest-quality materials, from its powder-coated aluminum pole and battens down to its marinegrade stainless steel fasteners.

Maintenance: The canopy is tailored out of a UV-protected, easy-care outdoor fabric that repels both dirt and water.

Options: The parasol is available in white or anthracite and comes in a choice of two sizes for the base, for wind grade 3 or 6, with optional ground mountings.
