

DEDON

NEWS 2020

**THIRTY YEARS OF DEDON.
TWENTY YEARS OF MANUFACTURING
IN CEBU. MILESTONES ON A
JOURNEY WITHOUT END.**

It began thirty years ago with the creation of a revolutionary fiber. Explorers by nature, DEDON went searching for artisans skillful enough to weave this fiber into the world's most luxurious outdoor designs. The journey led to Cebu, the Philippine island that would become the company's second home. Twenty years ago, DEDON launched its first manufacturing facility there. A new era of exploration had begun.

Taking quality and sustainability into its own hands, DEDON discovered new materials, technologies and ways to collaborate with leading designers and artisans around the world. The new collections for 2020 are the latest expressions of the company's relentless drive to innovate and explore.

RILLY by GamFratesi takes a fresh approach to DEDON's outdoor heritage. With its friendly forms, flowing lines, faceted canopies and semi-transparent vertical weave, the collection lets users create unique landscapes in any setting.

SEALINE by Jean-Marie Massaud, a luxurious lounge collection with an easy-chic feeling, is suitable to any season or latitude. It features a handcrafted teak structure and a weave of maritime rope or extra-wide DEDON Fiber.

MBARQ by Sebastian Herkner envelopes users in privacy and protective comfort. Inspired by the traditional indoor alcove, this versatile outdoor system gives structure to open spaces, defining areas in which to work, rest or chat.

LIGHTNESS AND SOLIDITY

RILLY Cocoon double daybed, taupe melange
PORCINI side table 51 cm / 20", black

The daybed features an extra-deep mattress (190 cm / 74¾") and an optional cocooning canopy.

An architectural union of materials. The graphic vertical weave of weatherproof rope or DEDON Fiber creates a sense of transparency and dematerialization. A hidden die-cast connecting structure defines the character of the entire collection, making each piece unique.

CHOICE OF DEDON FIBER OR WEATHERPROOF ROPE

DRY+ CUSHION CONSTRUCTION

Dry+ cushions offer enhanced rain protection. Cushion cores are wrapped in a breathable polyester interlayer with a very high water-repellent rating of 10,000 mm. All cushion cover fabrics are specially treated to be stain- and water-repellent.

NEW

Rope: teal melange

In place of traditional weaving, RILLY utilizes parallel vertical strands of maritime rope or DEDON Fiber.

From sofas to daybeds to dining chairs, the full RILLY range lets users create unique landscapes in any outdoor setting.

RILLY armchairs, taupe touch
TIBBO dining table 6 + 2, 103 x 278 cm / 40½" x 109½"

NEW

Cocoon chair, saffron touch
A new generation of DEDON Fiber

This DEDON Fiber features a brand new, special soft-touch feature that comes exclusively for RILLY in 2020.

"We have worked within the dimensional limits of the structure that connects seat and back to maintain an elegant and dynamic design. The system allows you to create a very large collection, including sofas, lounges, sun beds, chairs and more."

Stine Gam & Enrico Fratesi

NEW

RILLY dining

RILLY armchairs, teal touch
MBRACE dining table 6 + 2, 90 x 270 cm / 35½" x 106¼"

The RILLY armchair is lightweight and semi-transparent yet cozy and cocooning. Optional backrest cushions offer additional comfort and color accents. Perfect for dining, the RILLY armchair suits a wide variety of tables, including the MBRACE teak dining table.

UPDATES

DEDON sets the standard for quality through a process of continuous improvement. The company never stops optimizing and refining existing products, adapting its designs and manufacture to the latest innovations in technology and materials.

AIIR DINING TABLE
The collection now also includes dining tables in four different sizes, with teak legs and HPL tabletops in a choice of Vulcano, Lipari 2.0 or White.

LOUNGE NEW FIBER
Depending on one’s viewing angle, the new DEDON Fiber color Taupe Duet appears to shift in color from light beige to dark gray.

BREA FOOTSTOOL
Quiet luxury and superior quality, now with the added comfort of a footstool.

CIRQL FIBER SAFFRON
DEDON aims for continuous improvement, as with the color saffron, which can now be combined with other collections, such as AIIR, in the exact same color tone.

BELLMONDE
Designed for cocktail-hour ease and comfort, this lounge chair combines modern design with woven elements in luxurious DEDON Fiber. Now also available with a plush new cushion.

ORBIT NEW FIBER: ACCONA
The original icon of outdoor design is now available in a new fiber—cool, light-gray Accona.

FABRICS

DEDON offers outdoor fabrics of superior quality and variety. Play with sophisticated color worlds and a rich mix of fabric styles to create the right mood for any setting. Made with the most advanced materials and weaving technologies, all fabrics are quick-drying, UV-resistant and easy to maintain. With their luxurious look and feel, DEDON fabrics are suitable for use indoors as well as out.

QUALITY

EN BEST REASONS FOR CHOOSING DEDON

PRODUCED IN OUR OWN FACILITIES

Both the manufacture of DEDON Fiber in Germany and DEDON furniture in the Philippines take place in our own production facilities. This is unique in the outdoor furniture industry. DEDON's master weavers in the Philippines use ultra-strong fibers of our own production, combining craftsmanship with innovative technology.

WORLD'S BEST FIBER

No matter whether it's desert wind, salt water or frost, DEDON Fiber is tested against all weather conditions and for 10 years' UV resistance. Produced in Germany by our team of specialists, it is unrivaled for strength, color fastness and longevity. And because DEDON Fiber is developed entirely in-house, we're able to work with designers to create innovative solutions, including unique colors, textures and profiles.

THE RIGHT MATERIALS FOR EVERY SETTING

Specialists in outdoor living spaces of all kinds, DEDON selects the right material for every setting, from covered terraces and exposed poolsides to sandy beaches and wild nature. That's why, in addition to the world's best fiber, we work with highest-quality teak wood, aluminum, woven textiles, ceramics and upholstery, all manufactured with passion for excellence.

SUSTAINABILITY

It is DEDON's corporate philosophy to produce furniture and accessories of such high quality that they need never be thrown away. Produced in our environmentally-sound facilities in Northern Germany, DEDON Fiber is 100% recyclable and free from pollutants and heavy metals. Furthermore, DEDON incorporates recycled materials into our products whenever feasible.

DESIGN

DEDON collaborates with the world's top designers, from famous names to rising stars, on collections that consistently win the most prestigious design awards. Because we produce our fiber and most of our furniture in-house, our research and development department is able to work closely with each designer on solutions and innovations that make all the difference in terms of quality, function and style.

WARRANTY

DEDON offers a five-year warranty against any manufacturing defects during normal use and maintenance. Valid for retail customers only, this warranty applies to all DEDON woven furniture that is manufactured solely from the DEDON Fiber and aluminum frame. All other DEDON products are subject to a two-year warranty.

DE DIE BESTEN GRÜNDE FÜR DEDON

EIGENE PRODUKTION

Sowohl die Herstellung der DEDON-Faser in Deutschland, als auch die Möbelproduktion auf den Philippinen findet in eigenen Produktionsstätten statt – dies ist einzigartig in der Outdoor-Möbelbranche. Handwerkskunst verbindet sich mit innovativer Technik – die DEDON-Meisterflechter auf den Philippinen verwenden hochbelastbare Fasern aus der eigenen DEDON-Produktion.

DIE WELTBESTE FASER

Egal ob Wüstenwind, Salzwasser oder Frost – die DEDON-Faser ist gegen alle Witterungen und auf 10 Jahre UV-Beständigkeit getestet. Die in Deutschland von unserem Spezialistenteam hergestellte Faser ist in Sachen Reißfestigkeit, Farbbeständigkeit und Langlebigkeit konkurrenzlos. Und weil wir bei DEDON unsere Fasern komplett im eigenen Hause entwickeln lassen, können wir in Zusammenarbeit mit unseren Designern innovative Lösungen entwickeln – einschließlich neuer Farben, Oberflächen und Faserprofile.

DIE RICHTIGEN MATERIALIEN FÜR JEDE UMGEBUNG

Als Spezialisten für alle Bereiche des Outdoor-Living setzen wir bei DEDON auf die richtigen Materialien für jedes Umfeld, von der schattigen Terrasse zur prallen Sonne eines Poolbereichs, vom feinen Sandstrand bis zur wilden Naturlandschaft. Deshalb verwenden wir nicht nur die weltbeste Faser, sondern setzen auch ausschließlich Teakholz, Aluminium, Webtextilien, keramische Materialien und Polsterungen von höchster Qualität ein, die mit Leidenschaftlichem Qualitätswillen gefertigt wurden.

NACHHALTIGKEIT

Es ist Teil der Unternehmensphilosophie von DEDON, dass wir Möbel und Accessoires von so hoher Qualität fertigen, dass sie ein Leben lang halten. Die DEDON-Faser, die in unserer umweltverträglich arbeitenden Produktionsstätte in Norddeutschland hergestellt wird, ist zu 100% recycelbar und frei von Schadstoffen und Schwermetallen. Darüber hinaus setzen wir bei der Herstellung unserer Produkte so oft wie möglich recycelte Materialien ein.

DESIGN

DEDON arbeitet mit Top-Designern aus aller Welt, vom Designer mit großem Namen bis zum aufstrebenden Jungdesigner, zusammen. So entstehen Kollektionen, die immer wieder die prestigeträchtigsten Designpreise gewinnen. Dabei arbeitet unsere hausinterne Entwicklungsabteilung eng mit den Designern zusammen, um so Lösungen und Innovationen zu schaffen, die sich in Qualität, Funktionalität und Stil entschieden absetzen.

GARANTIE

Für Endverbraucher wird eine 5-jährige Garantie gegen jegliche Fertigungsfehler bei normaler Verwendung und Pflege gewährt. Dies gilt für DEDON-Flechtmöbel, die ausschließlich aus der DEDON-Faser und aus Aluminiumrahmen hergestellt werden. Für alle weiteren DEDON-Produkte gelten 2 Jahre Gewährleistung.

ES LOS MEJORES MOTIVOS PARA ELEGIR DEDON

PRODUCCIÓN PROPIA

Tanto la fabricación de la fibra DEDON en Alemania como la producción de muebles en Filipinas se desarrollan en nuestros propios centros, una característica única dentro del sector del mobiliario de jardín. El trabajo artesanal se desarrolla con la tecnología más innovadora: como resultado, los maestros tejedores de Filipinas emplean fibra de alta resistencia, fabricada por DEDON en régimen de producción propia.

LA MEJOR FIBRA DEL MUNDO

Da igual que se trate del viento del desierto, del agua de mar o de la escarcha: la fibra DEDON ha demostrado que es capaz de resistir todas estas agresiones y soportar sin alteraciones la acción de los rayos ultravioleta hasta 10 años. Fabricada en Alemania por nuestro equipo de especialistas, no tiene rival en lo que se refiere a fortaleza, solidez del color y durabilidad. Y dado que la fibra DEDON se desarrolla completamente en casa, podemos trabajar conjuntamente con nuestros diseñadores para crear soluciones innovadoras, incluyendo colores, superficies y formas nuevas.

MATERIALES CORRECTOS PARA TODOS LOS AMBIENTES

Siendo especialista en todo tipo de espacios al aire libre, DEDON selecciona el material correcto para cada ambiente: desde terrazas cubiertas a piscinas expuestas al sol, desde playas arenosas hasta naturaleza salvaje. Por eso, además de la mejor fibra del mundo, trabajamos también con madera teca, aluminio, tejidos textiles, cerámicas y tapizados de la más alta calidad, todos fabricados con pasión.

SOSTENIBILIDAD

La filosofía corporativa de DEDON es fabricar muebles y accesorios de tan alta calidad que duren toda la vida. La fibra DEDON se fabrica en nuestras instalaciones seguras y respetuosas del medio ambiente del norte de Alemania. Es 100% reciclable y no contiene ningún tipo de sustancias tóxicas ni metales pesados. Además, siempre que sea factible, incorporamos materiales reciclados en nuestros productos.

DISEÑO

DEDON colabora con los mejores diseñadores del mundo, apostando tanto por diseñadores noveles como por los más reconocidos, que crean colecciones destinadas a ganar los más prestigiosos premios de diseño. Nuestro departamento de investigación y desarrollo trabaja estrechamente con los diseñadores para crear soluciones e innovaciones que marquen la diferencia en términos de calidad, funcionalidad y estilo.

GARANTÍA

DEDON ofrece una garantía de cinco años a los consumidores finales contra cualquier defecto de fabricación bajo condiciones de uso y conservación normales. Esto se aplica a los muebles tejidos de DEDON fabricados exclusivamente de fibras DEDON y bastidores de aluminio. Para todos los demás productos ofrecemos una garantía de dos años.

IT LE RAGIONI PIÙ VALIDE PER SCEGLIERE DEDON

PRODUZIONE PROPRIA

Sia la fibra DEDON prodotta in Germania che i mobili realizzati nelle Filippine sono fabbricati in stabilimenti produttivi di proprietà dell'azienda – si tratta di una caratteristica unica nel settore degli arredi outdoor. L'arte artigiana si combina alla tecnologia più innovativa: i maestri tessitori nelle Filippine utilizzano fibre di elevatissima resistenza prodotte da DEDON.

LA MIGLIORE FIBRA DEL MONDO

Sia che si tratti del vento del deserto, dell'acqua salina o del gelo, la fibra DEDON è stata sottoposta a test di resistenza ai raggi UV per 10 anni. Prodotta in Germania dal nostro team di specialisti, essa non teme confronti in quanto a resistenza, tenuta dei colori durante il lavaggio e durata. E poiché la fibra DEDON viene prodotta completamente in-house, siamo in grado di lavorare direttamente con i nostri designer per creare soluzioni innovative, che si traducono in colori, tessuti e profili straordinari e unici.

I MATERIALI GIUSTI PER QUALSIASI AMBIENTAZIONE OUTDOOR

Da esperti specialisti in spazi living outdoor, DEDON seleziona sempre i materiali giusti per ogni ambientazione, dalle terrazze coperte ai bordi delle piscine, dalle spiagge agli ambienti naturali selvaggi. Questo è il motivo per cui, oltre ad offrire la fibra migliore del mondo, impieghiamo legno teak della qualità più pregiata, alluminio, tessuti, ceramiche e tappezzerie, tutto creato e realizzato con l'idea di raggiungere l'eccellenza.

SOSTENIBILITÀ

Fa parte della filosofia aziendale la missione che DEDON si è prefissata: produrre elementi d'arredo ed accessori di qualità talmente elevata da non dover mai essere gettati. Prodotta nei nostri stabilimenti a basso impatto ambientale nella Germania del nord, la fibra DEDON è riciclabile al 100% e priva di sostanze tossiche e di metalli pesanti. Inoltre DEDON, laddove possibile, si prefigge sempre di utilizzare materiale riciclato.

DESIGN

DEDON collabora con i più importanti designer del mondo, sia già affermati che emergenti, a collezioni che vengono spesso premiate con i più prestigiosi riconoscimenti internazionali nel campo del design. Il nostro centro studi e ricerca lavora costantemente a stretto contatto con i designer per definire le soluzioni e le innovazioni che contribuiscono a rendere i prodotti eccellenti in termini di qualità, funzionalità e stile.

GARANZIA

Si assicura una garanzia di 5 anni contro i difetti di produzione, a fronte di un uso e di una manutenzione corretta. La garanzia si applica ai mobili intrecciati DEDON che si compongono esclusivamente di fibra DEDON e telaio in alluminio. A tutti gli altri prodotti DEDON si applica una garanzia di 2 anni.

FR LES MEILLEURES RAISONS DE CHOISIR DEDON

UNE PRODUCTION MAISON

La fabrication de la fibre DEDON en Allemagne, tout comme la production de meubles aux Philippines, se font dans nos propres sites de production – ce qui est unique dans le monde du mobilier d'extérieur. Quant l'artisanat se combine avec une technique innovante – les maîtres-tisserands de DEDON aux Philippines utilisent des fibres très résistantes, toutes issues de la production interne de DEDON.

LA MEILLEURE FIBRE AU MONDE

Que ce soit le vent du désert, l'eau salée ou le gel, la fibre DEDON est testée sous toutes les conditions climatiques et pour 10 ans de résistance aux UV. Produite en Allemagne par notre équipe de spécialistes, cette fibre a une solidité, une stabilité des couleurs et une longévité sans égal. Grâce à notre production exclusivement interne de la fibre DEDON, nous sommes en mesure de travailler avec des designers pour concevoir des solutions innovantes, des couleurs, des textures et des profils uniques.

LES MEILLEURS MATÉRIAUX POUR CHAQUE ENVIRONNEMENT

En tant que spécialiste des espaces de vie extérieure de tout type, DEDON sélectionne les matériaux appropriés à chaque environnement, que ce soit des terrasses ombragées aux piscines exposées en plein soleil, en passant par les plages de sable fin et la nature sauvage. C'est pourquoi nous combinons la meilleure fibre au monde avec du teck, de l'aluminium, des textiles tissés, de la céramique et du tissu d'ameublement de la plus haute qualité et produits avec la passion de l'excellence.

DURABILITÉ

La philosophie d'entreprise de DEDON consiste à produire des meubles et des accessoires d'une qualité telle qu'ils durent toute la vie. Élaborée dans nos sites de production respectueux de l'environnement dans le nord de l'Allemagne, la fibre DEDON est recyclable à 100% et sans polluants ni métaux lourds. De plus, DEDON intègre à ses produits des matériaux recyclés à chaque fois que cela est possible.

DESIGN

DEDON travaille avec les meilleurs designers au monde, aussi bien avec des grands noms qu'avec des étoiles montantes. Les collections qui en résultent remportent toujours les récompenses les plus prestigieuses en matière de design. Notre département interne de Recherche et Développement collabore étroitement avec chaque designer à l'élaboration de solutions et d'innovations qui font toute la différence en termes de qualité, de fonction et de style.

GARANTIE

Le consommateur final bénéficie d'une garantie de cinq ans contre tout vice de production. Cette garantie est accordée dans le cadre d'une utilisation et d'un entretien normaux. Celle-ci s'applique à tous les meubles en tissu qui sont fabriqués exclusivement en fibre DEDON et avec un cadre en aluminium. Pour tous les autres produits DEDON, la garantie est de deux ans.
